

Why you should consider me for a job interview:

- I have a history at Apple! I worked as a Campus Rep + AppleCare Support Member!
- I have so much passion for Apple! (Why else would I spend time finding bugs?)
- I am educated! (Finishing my Bachelors Degree in Information Science and Technology from the University of Arizona) (3.4 GPA)

All these qualities and so much more, have I piqued your interest?

Send me an email at:

jonbottarini@gmail.com

You won't regret it!
